

# CONQUERING COVID-19

## *Keeping Missourians Safe*

# PROTECTING PUBLIC SAFETY

When COVID-19 struck Missouri, Governor Parson quickly signed Executive Order 20-02 declaring a state of emergency. He and his administration have worked continuously with the Department of Public Safety, including the State Emergency Management Agency, Missouri State Highway Patrol, and Missouri National Guard throughout the pandemic to keep Missourians as safe as possible.

### MISSOURI STATE HIGHWAY PATROL

- Assisted SEMA in warehousing and distributing PPE for state law enforcement agencies
- Assisted SEMA in the coordination and distribution of Remdesivir
- Reassigned approximately **80 State Troopers** to further support COVID-19 response efforts
- Provided security at the Alternate Care Site in Florissant
- Manufactured **12 gallons** of hand sanitizer

### MISSOURI NATIONAL GUARD

- Helped staff and construct an Alternate Care Site in **11 days** to assist St. Louis area hospitals
- Staffed 14 state workforce screening sites, screening over **541,000 personnel**
- Collected N95 masks for decontamination by the Battelle Critical Care Decontamination System
- Helped food banks and pantries serve more than **181,600 meals**
- Distributed **288,000 student meals** in partnership with the Department of Elementary & Secondary Education
- Supported COVID-19 testing of over **39,000 Missourians**
- Responded to over **72,000 calls** at state call centers
- Assisted with data entry of more than **84,000 COVID-19 tests**
